This workshop aims to provide participants with knowledge from senior level faculty who have had successful experience in mentoring K-awardees.

Workshop objectives:
1. Learn the various types of K awards
2. Understand the eligibility requirements
3. Determine the significance for the various components of the application.
4. Identify strategies that work and mistakes to avoid when writing a K application.

Friday, April 3, 2020
12:00 PM - 1:00 PM
The Saban Research Building Auditorium
