You create hope for a brighter future.

Your donations have a huge impact in the lives of those who rely on our programs and services.

In 2016, CHLA:

- **Cared for children, adolescents, young adults, families and each other.** CHLA recorded more than half a million outpatient visits and performed 16,803 pediatric surgeries.

- **Advanced knowledge.** Researchers from The Saban Research Institute collaborated to make advances in the fight against cancer, brain disorders, autism, obesity and diabetes, among other devastating pediatric diseases.

- **Prepared future generations.** Training programs at CHLA included 400 medical students, 240 student shadowers, 90 full-time residents and three chief residents. As of June 30, 2017, 1,349 nurses have graduated from the Versant™ RN Residency in Pediatrics.

- **Helped build CHLA’s financial strength.** As a safety-net hospital, CHLA covers the unreimbursed cost of care for underinsured children. That amounts to millions of dollars each year.

We know that you have many choices when it comes to charitable causes to support. Your contributions to CHLA, above and beyond your daily work and responsibilities, speak loudly about your commitment to the well-being of children and young adults in our communities.

Thank you for your trust and support, and for everything you do to help fulfill CHLA’s mission.
