Talk Summary

During my talk, I will discuss the pathophysiology and epidemiology of Obstructive Sleep Apnea and NAFLD. I will discuss the physiologic response to hypoxia and its impact on liver disease. I will present data on the relationship between ANFLD and OSA and hypoxia. I will share OSA based therapeutic strategies that may benefit children with NAFLD. We will discuss how to screen at risk populations. Finally, I will share my career path to help trainees with the perspective of academic progression.

Hosted By Rohit Kohli, MBBS, MS

Chief of the Division of Gastroenterology, Hepatology and Nutrition

Associates Chair in Liver and Intestinal Research

Attending Physician

Investigator, Gastroenterology, Hepatology and Nutrition

Professor of Pediatrics (Clinical Scholar), Keck School of Medicine of USC
