

Overview

The George Donnell Society for Pediatric Scientists is dedicated to providing support for pediatricians in training who have demonstrated commitment to becoming independent investigators, and to promoting innovative and high-quality academic research focused on improving the health of children. The Society provides mentorship, infrastructure, resources, career development, and a diverse and supportive community for pediatric scientists in training.

Eligibility

Any current resident in the Children's Hospital Los Angeles's residency program is eligible to apply for the Donnell Society.

Underrepresented minorities in research, [per the NIH definition](#), are encouraged to apply.

Prioritization

Applicants with prior research accomplishments and future potential for success as independent investigators will be prioritized.

Application Timeline

Applications may be submitted beginning **Tuesday, June 15, 2021**.

All applications must be submitted by end of day **Friday, July 30, 2021**.

Decisions will be communicated before the end of August 2021.
