Waterproof Bedding

Waterproof bedding is helpful for when accidents do occur, and is a must for individuals with bedwetting, incontinence, and spills. Parents and children are less frustrated when the accidents do not require entire bed changes and are not made to be a "big deal." PottyMD manufactures only the highest quality affordable bedding that is both durable and machine washable. 50% cotton, 50% polyester. Pads rest on top of mattress. Mattress covers have 12" skirts (skirts are not waterproof).
