Pediatrics in the Islands ... Clinical Pearls

June 29-July 5, 2019
Sheraton Maui Resort & Spa

Pediatrics in the Islands ... Clinical Pearls 2019 will be held at the luxurious Sheraton Maui Resort & Spa. Located on popular Ka’anapali beach at the foot of legendary Black Rock, the Sheraton is one of Maui’s leading luxury resorts. This 23 acre oceanfront resort welcomes visitors to a world of breathtaking views, relaxation and discovery. Guest rooms are comfortably appointed, each with a private lanai, and more than 80% of rooms and suites directly face the Pacific. The location is ideal to visit Whaler’s Village, a popular Ka’anapali attraction, and nearby Lahaina Town, with its myriad of shops, restaurants and boutiques.

Conference sessions will be held on the mornings of Sunday, June 30 through Thursday, July 4. The conference ends at mid-day each day, leaving afternoons and evenings free for leisure activities.

The conference will provide a comprehensive review of selected pediatric topics for pediatricians, family practitioners, and other health care professionals who care for infants, children and adolescents. Our outstanding faculty — all nationally recognized in their respective specialty areas — will present current clinical challenges and recent advances in selected pediatric subspecialty areas.

Gale R. Burstein, MD
Adolescent Medicine
Clinical Professor of Pediatrics,
Jacobs School of Medicine and Biomedical Sciences
Commissioner, Erie County Department of Health, Buffalo,
New York
