No appointment necessary

\*After hours care provided at Children's Hospital's Main Campus

#### INSURANCE PROVIDERS

Children's Hospital Los Angeles is a provider for most private, PPO and managed-care organizations in the L.A. area. The hospital's goal is to maintain open access for all managed-care organizations, regardless of location. Parents should contact their managed-care organization or insurer to verify benefits and coverage.

## The Department of Pathology & Laboratory Medicine

DEPARTMENT OF PATHOLOGY  
& LABORATORY MEDICINE

Children's Hospital Los Angeles has the only lab dedicated to pediatric diagnostic testing in Southern California.

The hospital leads in serving physicians and patients throughout the region, as well as providing reference testing to hospitals, academic centers and researchers throughout Southern California and the United States.

According to the College of American Pathologists, 70 percent of all clinical decisions from diagnosis through therapy and prognosis are based on information provided by lab results. Children's Hospital incorporates the latest technological advances in laboratory medicine and recruits experts in pediatric pathology.

Under the direction of Alexander R. Judkins, MD, pathologist-in-chief and laboratory director, the Department performs more than 1.2 million tests per year. The internationally renowned faculty includes board-certified pediatric and subspecialty pathologists with expertise in pediatric pathology and laboratory medicine.

## AREAS OF EXPERTISE

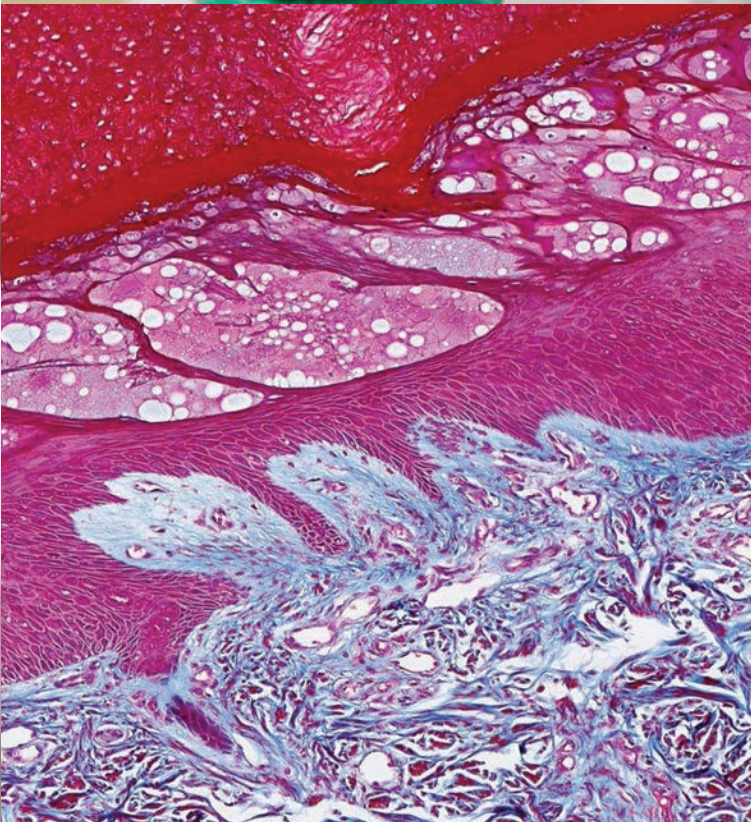

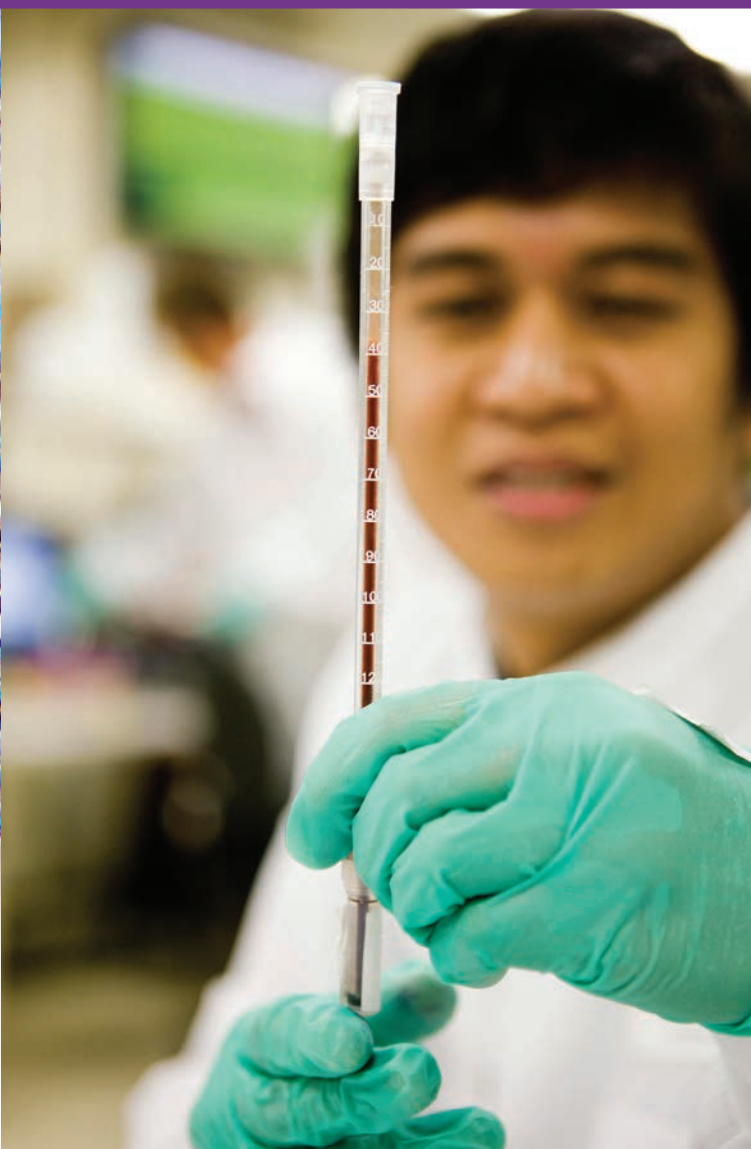

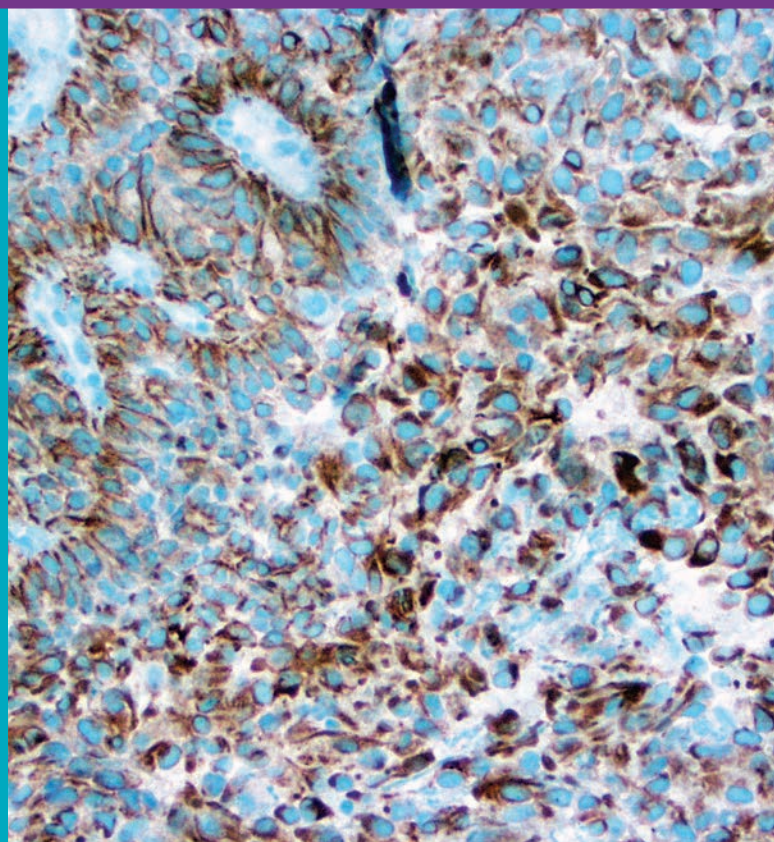

- Cytogenetics
- Flow cytometry and immunology
- Molecular genetics and molecular diagnostics
- Special chemistry and biochemical genetics
- Human leukocyte antigen (HLA) analysis
- Special coagulation laboratory
- Leukemia/lymphoma
- Pediatric tumors (neuroblastoma, soft tissue and brain tumors)

## FOR YOUR PRACTICE

- High-quality diagnostic services focused on pediatric medicine
- Comprehensive test menu
- 24-hour turnaround times for routine test results
- Stat test menu
- Scheduled courier pick-up times
- 24-hour access
- Web-based test catalog
- Consultative services

## FOR YOUR PATIENTS

- Unparalleled expertise in pediatric phlebotomy. The hospital's highly trained staff provides compassionate care while minimizing the sample size taken from pediatric patients.
- Draw stations located throughout the community. To ensure accurate and timely results, Children's Hospital transports samples several times a day to the hospital's Clinical Laboratory. All ages are welcome, from neonates to adults with no appointment necessary.
- Short wait times.

## CONSULTATIVE SERVICES

Pathologists at Children's Hospital Los Angeles are all faculty members at the Keck School of Medicine of the University of Southern California – recognized for clinical and academic expertise. For both neoplastic and non-neoplastic diseases, the lab offers expert and prompt diagnostic consultations.

## CLIENT SERVICES

The Lab Service Center is staffed 24 hours a day, seven days a week.

Phone: 877-KIDZLAB or 877-543-9522

Fax: 323-361-6157

## TEST DIRECTORY

A full description of each test, including acceptable specimens, collection and transport instructions and turnaround times can be found on our website, [CHLA.org/PATHOLOGY](http://CHLA.org/PATHOLOGY).
